*Except as noted, figures represent number of customers serviced, rather than the number of documents furnished. About 500 documents--including maps--were provided during the quarter. Totals do not include special support to the Senate Select Committee which is reported separately.

**Includes telephone responses, maps/atlasses provided through Congressional Support Office, statistical charts, etc.

* The fact that the 94th Congress adjourned in early October accounts for the low number of Committee briefings. As is usually the case when Congress is in recess, there is a corresponding increase in staff briefings.
